

## “Who is my neighbour?” Prayer Chooser

1. Write the names of family members, friends and people you know in the blank spaces.
2. Cut around the orange lines to make a large square.
3. Turn the square over to the blank side and fold the corners into the middle along the solid lines.
4. Turn the paper over and repeat, folding into the middle along the dotted lines.
5. Fold in half.
6. Gently put your fingers inside the flaps with the words.
7. Invite someone to choose one of the four words. Open and close the chooser for the number of letters in the word. Then ask them to choose a number. Do the same again, opening and closing that number of times. Open and read the name written in the space.
8. Come up with an idea of how you might help the person whose name you have read.
