5 minute devotionals on the Core Values of an SU group

Every SU group is unique and has its own way of doing things however we believe that no matter where in the country or what type of room you meet in there should be 4 core values that we seek to keep at the centre of every Scripture Union Group.

These are: **Community // Bible // Discipleship // Mission**

So we want to help you think about this by providing you with an outline for 5-7 minute devotions you could use for the start of your committee meetings.
