IYC is passionate about two things... God's Word and God's people. They want this to be a gathering where God's Word will be proclaimed faithfully, clearly and creatively, so that God's people (in particular young people) are encouraged to become faithful followers of Christ. At the heart of the Irish Youth Convention is reading, hearing and understanding what is in the Bible and applying it to life as a young person, in the 21st Century.
